GRUPPO ASA and its values

ASA is the first independent group in Italy in the field of General Line metal packaging and the fourth biggest group in Europe. Since 1961, Gruppo ASA has offered innovative and top-quality solutions for the food (especially oil and dehydrated milk) and chemical (paint and thinner) industries. The Company's headquarters are in the Republic of San Marino. Thanks to constant development, today, the Group includes **7 plants in Italy, Switzerland and the UK**. It supplies its products to **over 1,000 customers in more than 30 countries** and transforms about **42,000 tons of tinplate into cans every year**.

We achieved this goals thanks to the commitment of and collaboration with our **500 partners**. Also the guidance of the third-generation leaders of the owning family has played a crucial role since they have continued along the way of **professional enrichment of the people who work for the Group and protection of the environment** as fundamental factors of progress and success.

Cans for aerosols

USED FOR

Aerosol cans are filled with products under pressure and reach an inner atmosphere of 15-18 bar. Gruppo ASA's containers fulfil European standards established by FEA (European Aerosol Federation). Inside they are all uncovered. Outside, they may come plain or with customised graphics.

They are mainly used for:

- ☒ Lubricants
- ☒ Household cleaning products
- ☒ Industrial products
- ☒ De-icers

Pressure cans

Aerosol cans are filled with products under pressure and they are supplied for an inner atmosphere up to 15 or 18 bar.

Necked-in and Straight cans

Necked-in cans are supplied in the following diameters: 52, 57 and 65 mm. Straight cans are supplied in a 65 mm diameter.
