KEY FILLING STATS - 2023

Personal care:

- Cosmetics and toiletries grew by almost 3%
- Deodorant category grew by 4.5%
- Antiperspirant category grew by 13.5%
- Shaving products dropped by 18.5%

Household:

- Air freshener production dropped to 133 million in 2023 from almost 200 million in 2017 as brand owners tempt consumers with new fragrance delivery formats.

Technical:

- Paint aerosols continued on the upward trend seen since the turn of the century whilst filling volume for industrial and automotive have remained stable.

Aluminium V Tinplate:

- The ever-increasing share of UK filling for aluminium cans saw a big jump between 2022 and 2023 as one major brand owner transitioned their products away from steel.
