

MARKET SURVEY

EUROPEAN AEROSOL CONTRACT FILLERS

It has already become something of a tradition for us to publish in March of each year the Market Survey of European Aerosol Contract Fillers.

In the weeks leading up to the publishing of our March 2025 issue we once again sent out our questionnaire, the answers to which have enabled us to provide you over the following pages with the very latest information and data about the individual companies operating in this field.

We hope you enjoy reading the results of our research and would just like to add that, as ever, we cannot make any guarantees about the absolute accuracy and completeness of the information provided.

Es ist bereits eine gute Tradition, dass wir im März eines Jahres die Marktübersicht der europäischen Aerosol-Lohnabfüller veröffentlichen. Wir haben auch in diesen Wochen vor der März-Ausgabe 2025 unsere Fragebogen verschickt, so dass Ihnen auf den nachfolgenden Seiten die neuesten Informationen und Daten der einzelnen Firmen vorliegen.

Wir wünschen Ihnen eine gute Lektüre und weisen pflichtgemäß daraufhin, dass wir auch dieses Mal keine Gewähr für eine absolute Vollständigkeit der Angaben übernehmen können.

Il est une tradition bien établie, à savoir que, chaque année en mars, nous publions un aperçu du marché des entreprises européennes de remplissage d'aérosols sous contrat. Dans les semaines qui ont précédé l'édition de mars 2025 www, nous avons envoyé notre questionnaire de sorte que vous pouvez lire dans les pages suivantes les informations et données les plus récentes sur les différentes firmes. Nous vous souhaitons une bonne lecture et attirons votre attention sur le fait que, cette fois encore, nous ne pouvons pas garantir l'intégralité absolue des informations.

Company ¹⁾	Product category						Product form (million units per annum)					Propellant
